

B

- a** Write something in each circle. If it has (T) at the end, you must write something true. If it has (L), you must lie, i.e. invent something.
- b** Listen to A tell you about one of his / her circles. Ask questions to see if it is the truth or a lie. If it's a lie, get A to tell you what the true answer is!
- c** Now tell A about one of your circles, and answer his / her questions.
